Nettie Lowery, Wake Tech's GED instructor for BTM was given a Certificate of Recognition for her faithful service in the area of adult education.

GED Program

On Thursday, August 16 we took time out to recognize students enrolled in our GED class with a dinner in their honor. Since the requirements for a GED will change in 2002, these ladies, who attend on Tuesday and Thursday nights, are busy completing the requirements under the present curriculum. On celebration day, one student had passed all tests and received her GED.

"I Hope You Dance"

The fourth Women Together Banquet on August 6th was a fitting conclusion to the nine-week Summer Camp for Women coordinated by Reggie Edwards of BTM. It celebrated every woman's desire to have her life be an expression of strength and depth and faith.

Inspiration from speaker Hazel Logan (I Believe I can Soar Program Director), from singers Roenitia Stewart and Deborah Givens, and Dancer Cheryl Everett reminded women of their potential to soar, sing and dance.
